WE RIDE MOTOCROSS

Motocross is a rigorous test of man and machine, with no quarter given. It is an experience that commands the most of a rider and his equipment. The Husqvarna Motorcycles motocross apparel range is designed to face the extraordinary dynamics associated with this challenging sport, meeting the demands of style, performance and functionality.

MOTO 9 FLEX RAILED HELMET

BELL Helmets, like Husqvarna Motorcycles, has a strong heritage in the motorcycle industry and has led the way with many innovations over the last 60 years. Today, BELL racing helmets stand out in the excellence of safety, quality and progressive design, making the two brands an ideal match. The premium BELL MOTO 9 FLEX RAILED HELMET is the most advanced helmet BELL has ever made and sets a new level for rider protection in off-road racing. The helmet has a host of state-of-the-art features, such as the flex inner shell, which is an advanced safety system, designed to absorb low, mid and high-energy impacts. The helmet also features innovative X-Static® material, which uses silver to inhibit the growth of bacteria on fabric and to eliminate human-based odor. The outer shell is made from a lightweight carbon composite and is finished in a true Husqvarna Motorcycles design.

- Tri-Matrix (carbon, Kevlar, fiberglass) shell
- FLEX inner shell
- Lightweight Carbon Composite Shell
- Magnefusion™ Emergency Removal System (M.E.R.S.) cheek pads
- Quick-Flip visor screws for easy adjustment
- Double-D closure
- Velocity Flow Ventilation System™ for maximum cooling
- Flying Bridge Visor™ with ventilation holes
- XT-2® Extended Wear, removable and washable interior liner
- Integrated ventilated mouthpiece
- 1,400g (±50g)
- Made exclusively for Husqvarna Motorcycles by BELL

RAILED PANTS

With a vast experience in off-road competition and the assistance of current riders, Husqvarna Motorcycles used this know-how together with the latest styles and fabrics to create the **RAILED MX PANTS**. Developed with safety, performance and rider comfort in mind, they provide all the necessary benefits a rider expects from premium motocross wear. The pants are extremely light and made from abrasion-proof 330D nylon with double and triple stitched seams for extra durability. They are further reinforced with 1000D Cordura on the rear, for extra protection when moving around on the seat. They were designed to fit perfectly in all riding positions, giving you the freedom to ride without restriction, whilst the UV-resistant material and fade proof sublimation prints ensure you maintain a fresh look throughout the season.

- Extremely lightweight, comfortable MX pants
- Mesh lining throughout for optimum ventilation
- Abrasion-proof 330D nylon
- Seat reinforcement in 1000D Cordura
- Heatproof and abrasion-resistant leather knee reinforcement
- Double and triple-reinforced seams for maximum durability
- Lining with elastic panels for an optimum fit
- Reduced material and design for weight savings and outstanding ergonomic performance
- Loose fitting knee and shin area for knee braces
- Removable foam hip protectors
- Flexible, double waistband adjustment with Velcro fastener for optimum fit
- UV-resistant and fade-proof sublimation prints

MATERIAL

83% polyester / 9% nylon / 5% leather / 3% spandex

WE RIDE OFF-ROAD

To successfully traverse the ever-changing terrain of an off-road ride requires constant movement. Adjusting body position continuously to maintain perfect balance and flow means that comfort and range of movement are absolutely essential for off-road riding. Because WE RIDE, Husqvarna Motorcycles' full range of off-road functional apparel delivers this on every level.

GOTLAND JACKET

Dealing with changing conditions out on the ride challenged us to produce a jacket that could do it all, no matter what the weather. With ventilated mesh inner lining, closable air intakes and waterproof outer fabric, every element of the GOTLAND JACKET was designed to keep you cool in summer, warm in winter and dry when the trail becomes wet. For 2018, this popular jacket features brand new Swedish inspired styling that combines with intelligent function, like the large cargo pocket on the back to store the removable sleeves and a waterproof pocket on the front for storing cell phones and valuables. The lightweight feel of the jacket makes it particularly comfortable and is further enhanced with elastic panels in movement areas to ensure an optimum fit in all riding positions. All these features make this jacket the perfect travel companion for whatever nature throws in your path.

- Lightweight off-road jacket with removable sleeves
- Fully ventilated mesh inner lining for maximum air circulation and cooling in extreme conditions
- Maximum air circulation thanks to air intakes on the chest and vertical air outlets on the back
- Convenient neoprene collar for improved sealing and comfort
- Elastic panels in movement-intensive areas for optimum fit
- Elastic drawstring adjustable on both sides
- Several external and internal pockets
- Large cargo pocket on the back for stowing the sleeves
- Waterproof pocket between front panel and main zip fastener
- YKK zip fastener
- Pockets for optional back, shoulder and elbow protectors

MATERIAL
91 % polyester / 4 % nylon / 3 % spandex / 2 % neoprene

TECHNICAL FEATURES

FEATURES THAT ENHANCE THE RIDE

BELL FLEX TECHNOLOGY

The three-layer impact liner found in the BELL MOTO 9 FLEX RAILED HELMET is designed to manage the energy from three potential impact scenarios: low, mid and high-speed.

GORE-TEX® MEMBRANE

The GORE-TEX® membrane in the SIXTORP PRO GTX JACKET is extremely durable, waterproof and windproof, combined with optimized breathability, maximizing protection and comfort for the wearer.

MESH INSERTS

The mesh composition inside the RAILED MX PANTS increases airflow by maintaining separation between the skin and the remainder of the garment, keeping you cooler all ride long.

VENTILATION AND ABRASION RESISTANT

Zips on the front and rear of the GOTLAND JACKET, together with the mesh lining on the inside, assist with ventilation. Reinforced Schoeller®-Dynatec forms a highly abrasion-proof protection area on the elbows.

PREMIUM TECHNOLOGY FOR KIDS

Husqvarna Motorcycles kids benefit from the same premium technology as the adults, such as the goggles and gloves exclusively from 100%, which are full of the latest innovative technology.
